PKU COMPUTER SCIENCE INTERNATIONAL SUMMER SCHOOL

Through the two-week summer school, students will gain knowledge on the cutting-edge research at the School of Computer Science, get to know the development of the IT industry in China, and learn more about the Chinese culture.

We expect the summer school lay the foundation for future applications to our International Elite Ph.D./Master Programs.

Target Applicants:
International junior/senior students from a four-year university/college

Application Materials:
✔ One recommendation letter preferably from Dean/Chair/Head
✔ Transcript and certification of enrollment
✔ Personal statement (including research area of interest)
✔ A photocopy of your passport

Application Process:
Apply through http://www.studyatpku.com/ (Choose Non-Degree Programs---Short-term Program---College Program)
Application deadline: May 8, 2023. Notification: May 10, 2023.

Time Frame: [July 3-July 14]
Please arrive in Beijing on either July 1 or July 2

Day 1 (July 3)
- Opening Ceremony: Introduction of the School of Computer Science, including labs and research areas
- Campus Tour

Day 2-5 (July 4-July 7)
- Lab Visit
- Company Tours
- Interacting with students from both PKU and other institutions

Day 6-7 (July 8-July 9)
- Beijing Tour (cost should be covered by yourself)

Day 8-12 (July 10-July 14)
- Conducting research activities in a chosen research lab
- Closing Ceremony: Each student will give a presentation on what they have gained during the summer school

Fees and Costs:
• The School of Computer Science will cover round-trip flight ticket and accommodation during the summer school.
• Applicants are responsible for other costs, including visa fee and field trips, etc.

**Note:
Students cannot take courses while at PKU
