Timothy Haahs & Associates, Inc. (Tim Haahs) provides comprehensive planning, architectural design, and structural engineering services for mixed-use and parking related projects. Our extensive in-house expertise gives our clients a single source of responsibility to meet their planning, design and engineering needs from the conceptual stages of a project, through construction administration and beyond.

We are committed to our mission - "We exist to help those in need", and are seeking highly motivated individuals who not only have a passion for what they do, but will embrace our core values and mission by applying them in their day-to-day work.

We offer a collaborative working environment in which employees receive the support and encouragement they need to grow professionally as well as personally.

Graduate and undergraduate students majoring in Business Administration or a related discipline (i.e. accounting, finance, economics, information systems, information technology, communications, marketing, human resources, etc.) will benefit from the Tim Haahs Business Administration Internship Program which provides opportunities for practical experience in a variety of business disciplines.
